Dear Ms. Rusinko:

This letter serves to formally notify the New York State Department of Environmental Conservation (NYSDEC) of the intention of the Respondents to “opt out” of obligations under the above Order to remediate the Quanta Resources Site in light of the recent acceptance into the Brownfield Program following the Application filed by DMJ Associates, LLC., 3780 Review, LLC, and Cresswood Environmental Consultants, L.L.C.

This letter is being sent at this time in light of the Department's request for same prior to September 30, 2005. Regardless, Respondents understand that they remain obligated to complete the work and submit the required report for additional monitoring wells as set forth in the Golder proposal dated September 27, 2005.

Please confirm that this correspondence is satisfactory for purposes of notifying the Department of Respondents' intent to terminate pursuant to the terms of the Order on Consent.
